

# TETRAQUAD

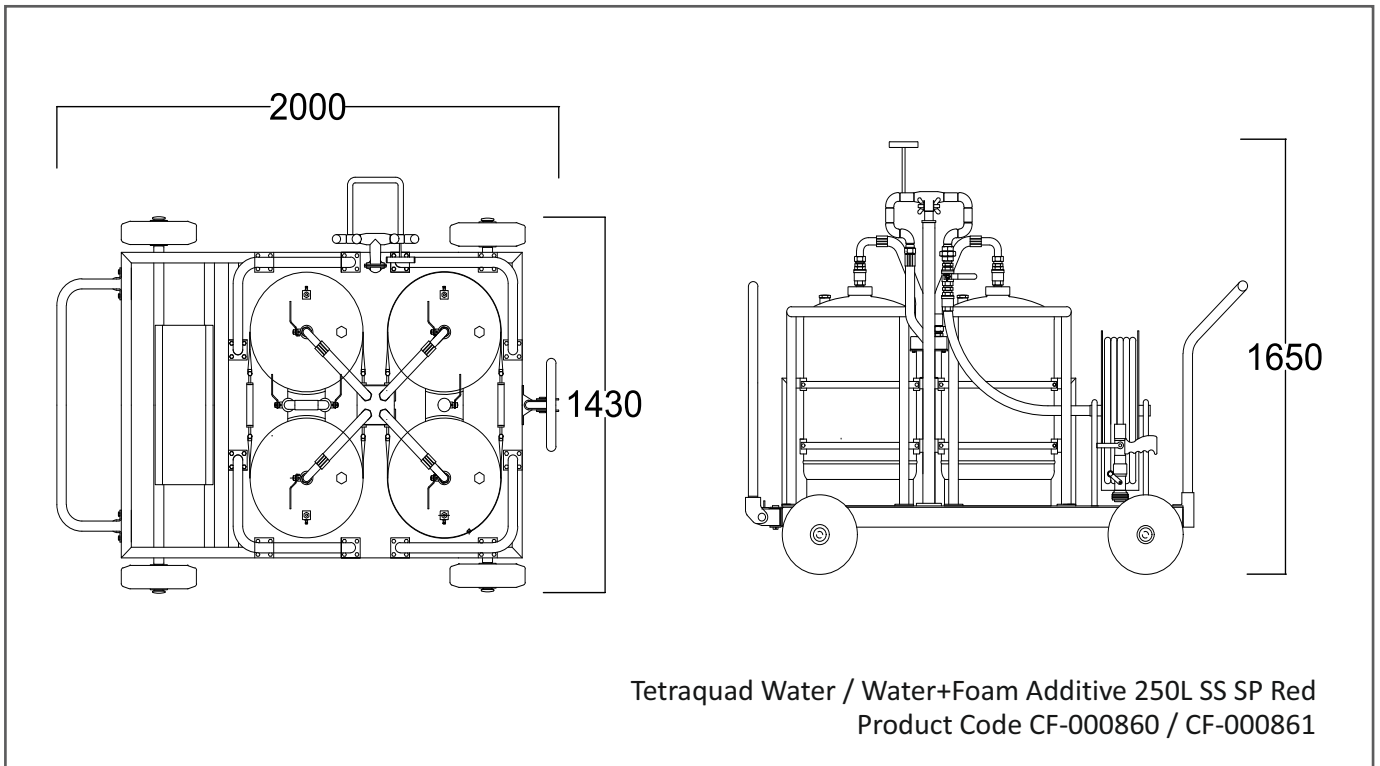

## PRODUCT OVERVIEW

Ceasefire TetraQuad is a power-packed Foam-based system that takes firefighting to the next level.. It is Ceasefire's, and probably the country's biggest, toughest standalone firefighter.

The TetraQuad multiplies the power of the Quad four times. Named after the four state-of-the-art Multi-Rotors working in sync in each of the four 62.5 ltr containers (250 ltr capacity), the Ceasefire TetraQuad brings together the efficiency of a fire extinguisher with the power of a hydrant system—without the drawbacks.
